Chapter 1 by Grace1517

Shannon

Last year I met a boy, he was so charming and handsome, but I knew him. He was the boy that broke my BFF, Leah's heart. That's when I knew he was just using flattery to get revenge on my BFF for getting back at him for cheating on her. Here's how it went down:

One normal day I was walking to school, people were talking to each other about some new student who was supposedly really cute. Ugh, I thought, What is up with girls and cute/handsome/hot boys, it's so freaking annoying! My BFF Leah then walked over (Yes the same one from earlier) and told me about this "new student" who was apparently coming over from our rival school: West-side Warriors. This has NEVER happened before 'cause we're rivals, we don't change from each other's schools. His name was Matthew, and he came from an incredibly wealthy family, which, of course, attracted the girls more because then he could buy them expensive gifts blah, blah, blah. I'm personally NOT impressed because I also come from a wealthy family and was spoiled as a child, so I don't know what's so special about Matthew. I mean it's not like boys don't drool over me, I mean they do, I'm just not one to fall for a boy because of money.

The next day Matthew arrived, girls were drooling all over the place and it was

Matthew

I noticed all of the girls looking at me and whispering, they were expecting me, of course. Then I saw a beautiful girl standing off to the side, glaring at me, she was surrounded by a group of other boys, who obviously had a crush on her, but she looked through a small gap between the boys and glared at me. What's her problem? Does she hate me and why? No, I don't even know her, so why is she looking at me like that? I was so confused, all of the other girls seemed to like me already and they didn't even know me, why not her? The bell rang and she walked away with the rest of her admirers trailing behind her like a litter of puppies following a mother dog.

I found out that I had 1st period with her, and 3rd, and 4th, and 5th, and 6th, we also had lunch together.

"What's your name?" I asked her in first period

"Why should I tell you?" she muttered and sighed, agitated, "It's Shannon,"

"Mine's Matthew,"

"I know," she grumped

"You do?" I asked, a bit surprised

"It's all my friends talk about,"

"Oh, ummmm,"

"Whatever," she said and ignored me

She ignored me the rest of the day, it drove me crazy. I really liked this girl Shannon, but she appeared to hate me. I could try to impress her with expensive gifts but apparently she also came from a wealthy family, just not a family that hides a huge secret. Her parents are rich and successful athletes and famous actors, my parents are shifters. We are able to shift into wolves and we go back and forth between human and wolf.
